To Whom It May Concern:

As an educator for 31 years, and a high school principal for 20 years, I unequivocally endorse Mr. Dave Roever as the **"most powerful"** assembly speaker you can ever have for your student body. Dave's ability to impact a teenager's heart and mind is unmatched.

Furthermore, Dave's words will change the way you think about many topics for the rest of your life. Dave has spoken at Poland High School (student population of approximately 835 students and 65 staff members) in 1988 and again in 1999. Each time, he took all of us on a roller coaster of emotions from laughter to tears. When Dave finished the assembly, he received an instant standing ovation. Many of us were wiping away or trying to hold back our tears.

Finally, if Dave Roever can ever visit your high school, please make it a priority. He is a modern day **"Hero!"**

Respectfully,

Brian J. Wolf, Principal
Poland Seminary High School
