

Light for the Blind

Congenital Blindness Due to Cataracts Cured

Vision has been
provided for
thousands of
children and adults

Thousands of children in Vietnam suffer congenital blindness due to cataracts. REAP-sponsored ophthalmologists have provided training for Vietnamese physicians. For the cost of an artificial lens, which is currently less than \$75.00, and the no-fee services

of the Vietnamese doctors, these children can see. Without REAP's help, they would remain blind for the rest of their lives.

REAP joins the Sponsorial Association for Poor People (SAPP), as well as several hospitals and clinics in Vietnam in sponsorship of this program.
